<p><b>FORTY-FOURTH MEETING</b> <b>JUNE 12, 1975</b></p>
---

---

**ROLL CALL**

The Wright State University Board of Trustees met on Thursday, June 12, 1975, at the Western Ohio Branch Campus, Celina, Ohio.

The meeting was called to order by Reverend Lucas at 2:00 p.m. The secretary called the roll. Present were Helen H. James, Harry P. Jeffrey, John E. Keto, and George W. Lucas. Armistead W. Gilliam, Dave Hall, Fred McConnaughey, Robert S. Oelman, and Ray F. Ross were absent.

---

**PROOF OF NOTICE OF MEETING**

Reverend Lucas reported that the meeting had been called by written notification. A last minute change in obligation prevented Mr. Ross from attending. In order for business to be transacted, the president obtained his itemized vote by proxy.

---

**DISPOSITION OF MINUTES OF PREVIOUS MEETING**

Dr. Keto moved the approval of the minutes of the May 7, 1975, meeting. The motion was seconded by Mr. Jeffrey and the minutes were unanimously approved by voice vote.

---

**REPORT OF THE CHAIRMAN OF THE BOARD OF TRUSTEES**

Due to the absence of the chairman and vice-chairman, Reverend Lucas acted as moderator for this meeting and also presented the chairman's report.

**Resolution in Commemoration of Dean Warren Abraham**

Reverend Lucas reported that on May 9, 1975, Dean Warren Abraham died after a long illness. He presented a resolution for the board's consideration in memory of Warren.

*RESOLUTION 75-16*

WHEREAS Mr. Abraham was appointed on July 1, 1964, as Assistant Dean of Academic Centers—Dayton Campus, and

WHEREAS Mr. Abraham was appointed on July 1, 1965, as Director of Dayton Campus with the rank of Professor, and

WHEREAS Mr. Abraham was appointed on October 6, 1967, as Dean of the Division of Continuing Education (later to be known as the College of Continuing and Community Education), and,

WHEREAS Mr. Abraham, in addition to his other duties, on September 29, 1969, was appointed as Acting Provost, and

WHEREAS Mr. Abraham resigned as Dean of the College of Continuing and Community Education on February 1, 1975, and was appointed Vice Provost for Special Studies, and

WHEREAS Mr. Abraham, in addition to his other duties, served Wright State University in a dedicated, honest, and dependable fashion on numerous committees and related assignments, therefore be it

RESOLVED that this Board express its deeply felt sense of loss at the passing of Mr. Abraham, and be it further

RESOLVED that this Board extend to the family of Mr. Abraham the warmest and most sincere condolences, and be it further

RESOLVED that the Secretary be directed to send a copy of this resolution to the family of Mr. Abraham.

Mr. Jeffrey moved the adoption of the resolution for Dean Warren Abraham. The motion was seconded by Dr. Keto and was unanimously approved by voice vote.

**Resolution in Commemoration of Dr. Allen Jones**

Reverend Lucas reported that on May 10, 1975, Dr. Allen Jones, Assistant Professor of Physics, died unexpectedly in his home. He presented a resolution for the board's consideration in memory of Dr. Jones.

*RESOLUTION 75-17*

WHEREAS Dr. Allen Jones served as a member of the Faculty of the Department of Physics since 1971, and

WHEREAS Dr. Jones distinguished himself as an outstanding and inspiring teacher culminating in being top finalist in the Wright State Alumni Association's Outstanding Teacher Award, and

WHEREAS Dr. Jones, during his life, served as an example of a concerned, selfless human being for all of his students and colleagues, and

WHEREAS Dr. Jones was a friend of everyone who knew him at Wright State University and in the Dayton Community, therefore be it

RESOLVED that this Board express its deeply felt sense of loss at the passing of Dr. Jones, and be it further

RESOLVED that this Board extend to the family of Dr. Jones the warmest and most sincere condolences, and be it further

RESOLVED that the Secretary be directed to send a copy of this resolution to the family of Dr. Jones.

Mrs. James moved the adoption of the resolution for Dr. Jones. The motion was seconded by Dr. Keto and was unanimously approved by voice vote.

### **Garden of the Senses**

Reverend Lucas reported that for several years the Greater Dayton Jaycees have been considering the development of a "Garden of the Senses" on the Wright State campus as a service project. The Jaycees have asked the university, through our Handicapped Student Services (Director Patricia Marx), to set aside approximately five to six acres of land for the future development of this project. The area selected would be the triangular plot directly west of the receiving department (the area behind the old tennis courts).

This agreement recognizes that the Greater Dayton Jaycees will seek support from the local civic organizations for costs incurred in developing a formal program for this area. It is understood that the Jaycees will present the formal plan to Wright State for review and approval prior to seeking funds or proceeding beyond the detailed planning stage. We expect the plan to be presented to the university about April 1976, and, therefore, Reverend Lucas recommended the board's approval of the following resolution:

#### *RESOLUTION 75-18*

WHEREAS the Greater Dayton Jaycees' proposed "Garden of the Senses" is a worthy project to be utilized by the area residents and students, especially those with physical handicaps, be it

RESOLVED that Wright State University will cooperate with the Greater Dayton Jaycees in the planning and development of this project, and be it further

RESOLVED that Wright State University will make available five acres of land on the University campus for this purpose.

Dr. Keto moved the adoption of the above resolution on the planning for the "Garden of the Senses." The motion was seconded by Mrs. James and was unanimously approved by roll call vote.

### **REPORT OF THE PRESIDENT OF THE UNIVERSITY**

#### **Confirmation of Degrees**

President Kegerreis reported that section 1.03 of the Wright State University Code of Regulations provides that the board shall grant degrees after due consideration of nominations by the faculty. Wright State granted 224 degrees in December of 1974 and 261 in March of 1975, and the president recommended the board's confirmation of the list of degrees granted. Also included was a list for the board's approval of candidates, including those to qualify in August 1975, which were nominated by the faculty at their meeting on May 8, 1975, to receive degrees at the commencement exercises on June 15, 1975.

Including the December 1974 and March 1975 degrees, Wright State expects to award approximately 1512 degrees for the 1974-75 academic year. Since applications for degrees are accepted in advance, the president requested that he be allowed to make changes in the list to correct errors, and to add or delete names of persons who unexpectedly do or do not meet all requirements for graduation.

Wright State University will be conferring for the first time the Bachelor of Science in Nursing degree to 11 students. This is one of many important steps in medical education at Wright State University. The following is a breakdown of the list of candidates for the board's confirmation and approval.

Total Associate Degrees	1
<b>Total</b>	<b>1512</b>

Dr. Keto moved the confirmation of the degrees granted December 1974 and March 1975. He further moved the approval of the list of persons to be granted degrees at the June 15, 1975 commencement as nominated by the faculty and as presented to the board, with the provision that the president be allowed to make changes in the list to correct errors, and to add or delete names of persons who unexpectedly do or do not meet all requirements for graduation. (The list of graduates appears in the appendix.) The motion was seconded by Mr. Jeffrey and was unanimously approved by voice vote.

### **Honorary Degrees**

President Kegerreis explained that this was the first time that Wright State University has granted honorary degrees. The policy to grant such degrees was established by this board in its Resolution 70-20. The purpose of an honorary degree granted by Wright State University is to honor individuals for distinguished service or achievement relevant to a contribution to Wright State University or its goals. In January, 1975, he invited members of the university community to submit nominations to the commencement committee. Based upon these nominations, three persons were recommended to receive honorary degrees. These were Dr. Brage Golding, Mr. Frederick A. White, and Dr. Lionel H. Newsom. The formal statements proposed as a basis for each degree were distributed. He then proposed the following resolution:

#### *RESOLUTION 75-19*

WHEREAS Wright State University shall grant honorary degrees in recognition of their constructive value to the University and to the recipients, and

WHEREAS the purpose of honorary degrees as conferred by Wright State University is to honor individuals for distinguished service or achievement and, subsequently, to reflect honor upon the University, and

WHEREAS honorary degrees are to be given for outstanding individual contribution for service, and

WHEREAS selection criteria are based on high standards of achievement and include consideration of the relationship of the honoree or his contribution to Wright State and its goals, and

WHEREAS recommendations of honorees have been submitted to the President for his review and transmission to the Board of Trustees, therefore be it

RESOLVED that the degree Doctor of Laws be conferred upon Mr. Brage Golding, Mr. Frederick A. White, and Mr. Lionel H. Newsom in recognition of their outstanding leadership and dedicated commitment to higher education.

Dr. Keto moved the adoption of the above resolution. The motion was seconded by Mrs. James and was unanimously adopted by voice vote.

*Brage Golding*

In your distinguished career as educator, administrator, and scientist, you have exhibited the insight and vision of the man dedicated to human welfare. As Wright State University's first president, you continuously devoted your knowledge and energies to the educational progress and development of our institution. As the president of a new university, facing a future in especially dramatic circumstances, you provided outstanding guidance and leadership in the resolution of complex educational problems. This university, like others, has profited from your determined commitment to teaching, research, and public service, and from your dedication to dispassionate inquiry and analysis. Throughout almost three decades of public service, you have promoted the achievement of excellence and worked for the attainment of democratic principles. In recognition of your invaluable leadership to our institution, and your innumerable contributions to higher education, Wright State University is pleased to grant you the degree Doctor of Laws.

*Frederick A. White*

Throughout a remarkable career which has spanned more than four decades—a career which has actually involved three careers in the service of secondary and post-secondary education and in industry—you have earned an enviable reputation for leadership, integrity, and statesmanship. As Wright State University's first employee and chief officer, you were primarily responsible for supervising the foundation, direction, and growth of Ohio's youngest state-assisted university during its crucial formative years. During the difficult, but challenging, years of the 1960s, you discharged a series of awesome responsibilities with managerial ingenuity, devotion, and perseverance. In addition to your pioneering efforts, your numerous administrative accomplishments over the past eleven years have demonstrated your profound commitment to higher education and your deep concern for human welfare. Because of the distinction you have brought to yourself and to this institution, and your humanity in laboring so diligently and unselfishly for the betterment of your fellow man, Wright State University is pleased to grant you the degree Doctor of Laws.

*Lionel H. Newsom*

Throughout your eminent career as scholar, educator and administrator, you have demonstrated—in your quest for knowledge and pursuit of truth—an acute sensitivity to human needs and a depth of insight into the solving of human problems. Through inquiry, exploration, and discovery, you have worked diligently to contribute to a greater understanding of the world and its people. As scholar and educator, you have provided imaginative vision and thoughtful inquiry into problems of social change, especially as these involve the poor, blacks, and other minorities. You have participated in numerous conferences, committees, councils, boards, and commissions; you are a member of a number of distinctive professional

and community organizations; and your successive appointment to positions of substantial responsibility—including the presidencies of three universities—is testimony to your distinguished leadership and competence as administrator. Because of your exceptional record and your consistent dedication and commitment to the issues of higher education and of society, Wright State is pleased to grant you the degree Doctor of Laws.

Mr. Jeffrey moved the confirmation of these administrative appointments

and changes. The motion was seconded by Dr. Keto and was unanimously approved by roll call vote.

### **Wright State University School of Medicine Report**

Dr. Beljan made the following report on the School of Medicine.

With the naming of Dr. Leon Cudkowicz as Professor and Chairman of the Department of Medicine, Dr. Barry Blackwell as Professor and Chairman of the Department of Psychiatry, Dr. Alvin Rodin, Professor and Chairman of the Department of Postgraduate Medicine and Continuing Education, and Dr. Richard Burk, Professor and Chairman of the Department of Physical Medicine and Rehabilitation, all the major chairmanships have been filled except for the Chairman in Surgery. Faculty recruiting continues in the basic science and clinical areas and the appointment of voluntary clinical faculty is proceeding at a gratifying pace.

A congressional delegation, including Congressmen Brown and Whalen, met with the dean and president during the legislative open house at the Dayton Veterans Administration Center during the latter part of May. The principal purpose of the visit was to review the physical facilities at Brown Hospital and to anticipate medical service needs of the patient population as well as the teaching requirements of the School of Medicine.

Planning of the medical education building at the Dayton Veterans Administration Center continues on schedule. Present plans call for the award of a design/construction contract in October, and completion is scheduled for June 1976. The Veterans Administration central office has recently made available approximately \$900,000 in planning monies to develop plans addressing the clinical deficiencies at Brown Hospital. The Veterans Administration has also made available additional space for temporary offices for the School of Medicine.

With the recent actions by the Ohio Board of Regents and other state offices, monies for construction of Stage A of the Medical Sciences/Health Sciences Library Complex have been received. Construction should begin as soon as the local labor negotiations are resolved. There is also every expectation additional funds for Stage B of the project will be appropriated by the Ohio General Assembly. We hope that contracts for this stage of the project can be awarded by September.

Within the School of Medicine, intensive efforts are underway to develop the curriculum. The site team from the Liaison Committee for Medical Education will visit July 21-24 to consider the award of provisional accreditation. At this time we are preparing the necessary documentation for use by the site team.

Active efforts continue in several other areas. These include the search for the Executive Director of the Wright State University School of Medicine Foundation, the development of the Clinical Practice Plan, the implementation of the Sub-Regional Organization for Health Manpower Education and Training and continuing efforts for additional federal and private funds.

During the next few weeks, we expect to receive the first applications for admission to the Wright State University School of Medicine. Very shortly we will have named the Admissions Committee. An intensive training program for this committee will be undertaken to familiarize this heterogeneous group of members with admission requirements and procedures designed to implement our admissions philosophy.

#### **Affiliation Agreement—USAF/WSU School of Medicine**

President Kegerreis reported that the Wright State University School of Medicine requests the board's approval of an agreement between USAF Medical Center, Wright-Patterson and the Wright State University School of Medicine. This agreement, when approved, shall authorize the USAF Medical Center to affiliate with Wright State University School of Medicine for the purpose of education and training. The School of Medicine accepts advisory responsibility for the education and training programs conducted with the USAF Medical Center. The USAF shall retain full responsibility for the care of patients including all of the administrative and professional functions.

Dr. Keto moved the approval of the affiliation agreement between the USAF Medical Center and WSU School of Medicine. The motion was seconded by Mr. Jeffrey and was unanimously approved by roll call vote.

#### **EXHIBIT A**

### **AGREEMENT BETWEEN SCHOOL OF MEDICINE WRIGHT STATE UNIVERSITY AND USAF MEDICAL CENTER, WRIGHT-PATTERSON**

THIS AGREEMENT, made this \_\_\_\_\_ day of \_\_\_\_\_ 197\_\_\_\_, by and between the TRUSTEES OF WRIGHT STATE UNIVERSITY, hereinafter referred to as the "School of Medicine," and the UNITED STATES AIR FORCE MEDICAL CENTER, WRIGHT-PATTERSON, hereinafter referred to as the "Hospital," is entered into for the mutual benefit of each.

#### **WITNESSETH:**

WHEREAS, Wright State University has established a School of Medicine and students of said school require clinical experience and the use of clinical facilities, and;

WHEREAS, The School of Medicine is developing its programs of medical education in a number of community facilities and is desirous of including the Hospital among these facilities, and the Hospital has facilities for furnishing clinical experience, and;

WHEREAS, it is to the mutual benefit of the parties that students of the School of Medicine use the facilities of the Hospital for clinical training and experience, and residents of the Hospital use the facilities of the School of Medicine, and;

WHEREAS, it is to the mutual benefit of the parties that certain members of the School of Medicine staff be appointed as consultants to the Hospital, and;

WHEREAS, it is to the mutual benefit of the parties that certain members of the Hospital staff be appointed to the clinical staff of the School of Medicine, the parties hereto agree as follows:

#### **Joint Responsibilities**

1. To assist in establishing policies under which the Hospital and the School of Medicine carry on the cooperative activities necessary to fulfill the purposes of this association, a Joint Coordinating Committee shall be established. This committee shall be composed of the Commander of the Hospital and two professional department chairmen, or their designees, and the Dean of the School of Medicine and two division chairmen, or their designees. These members are subject to annual reappointment by the Commander and the Dean respectively. It shall be the responsibility of the Joint Coordinating Committee to consider proposals and make recommendations in all matters involving the joint activities contemplated by this agreement including integrated residency programs conducted under the auspices of the School of Medicine.

2. The Hospital and the School of Medicine agree that it may be desirable from time to time to permit joint use of the facilities and clinical resources of both the Hospital and the School of Medicine in order to more fully realize the substance of the association. Clinical resources of the USAF Medical Center, Wright-Patterson, shall be made available for teaching purposes for the medical students of the School subject to rules and regulations of the United States Air Force and the Hospital. Under these guidelines, the Hospital will afford each student who is designated in writing by the School of Medicine, the opportunity for experience in all types of medical practice which may be available at the Hospital and will permit such students and members of the School of Medicine faculty access to appropriate hospital and outpatient department facilities, for such periods of time and for such experience as may from time to time be fixed by the Joint Coordinating Committee. The Hospital will permit its medical officers, technicians and other personnel to participate in the clinical experience and teaching of the students. Likewise, residents of the Hospital, upon approval of the Commander of the Hospital, will be permitted to participate in the training programs of the School of Medicine. To this end, the Hospital and the School of Medicine agree to provide such access to and use of their respective facilities and clinical resources as may be from time to time mutually agreed.

3. The rules and requirements of the association may be restated from time to time with a view to assuring maximum realization of the benefits to be derived from this agreement. The Joint Coordinating Committee shall be responsible for recommending any and all restatements of position or desires of the two association parties. Any restatement of rules and requirements will become binding upon both parties only upon approval of the Dean of the School of Medicine and the Commander of the Hospital.

4. Both parties agree to maintain an acceptable accreditation status throughout the course of this agreement.

5. It is mutually understood that this agreement does not create a monetary obligation on the part of either institution, one to the other, and more specifically no payment will be made for any service performed incidental to this agreement.

6. It is a policy of both the School of Medicine and the Hospital in the performance of this agreement that neither will discriminate against any employee, applicant for employment or student because of race, color, creed or national origin.

#### **School of Medicine Responsibility**

1. Selected staff members of the School upon recommendation by the Dean and confirmation by the Commander, USAF Medical Center, Wright-Patterson, shall be appointed consultants in the various medical specialties to the Hospital. Responsibilities and activities of the appointees shall be governed by Air Force regulations and Hospital policies. Such consultantships may include all the rights and privileges normally accorded to staff members at the discretion of the Commander. However such consultants are not employees of the U.S. Government and shall not be entitled to compensation for their services or any other rights and benefits of USAF employees, other than the rights and privileges specifically provided for herein. The Joint Coordinating Committee shall review such appointments from time to time and determine eliminations or additions and extend of privileges.

2. The School of Medicine understands the importance of timely planning and coordination of educational goals and programs. Major changes in program emphasis must be made with the approval of the Joint Coordinating Committee.

3. Since the School of Medicine is a state instrumentality and cannot maintain liability insurance in behalf of its students and faculty, no such insurance will be required while such students and faculty are at the Hospital.

4. The School of Medicine staff, faculty and students who are participating in the training programs of this agreement will remain under the responsibility and control of the School of Medicine. The School of Medicine will assure that such participants comply with all applicable rules, regulations and requirements of the Hospital, Wright-Patterson Air Force Base and the United States Air Force.

5. An appropriate description of duties of the students will be established by the Hospital Department Chairmen subject to review and approval by the Joint Coordinating Committee based on the educational program established by the School of Medicine.

#### **Hospital Responsibility**

1. Selected staff members of the USAF Medical Center, Wright-Patterson, upon recommendation by the Commander and following review

of credentials and establishment of rank by the School of Medicine Faculty Review Committee and confirmation by the Dean, shall be appointed to the clinical staff of the School of Medicine. All such appointees shall serve without remuneration and under conditions which will preclude interference with their military obligations or duties. Their responsibilities shall be within the scope of University regulations and policies.

2. The Hospital staff and Hospital residents who are participating in the training programs of the School of Medicine will remain under the responsibility and control of the Hospital. The Hospital will assure that such participants comply with the rules and regulations of the School of Medicine.

3. Since the United States Air Force maintains no liability insurance in behalf of its employees, no insurance will be required for Hospital personnel during the performance of this agreement.

4. The Hospital will provide first aid and emergency care for the School staff members and students should an accident or illness occur while in the Hospital pursuant to this association agreement. Charges for such care will be at the minimum rates prescribed in current Air Force directives. Hospital determination of the duration and extent of the emergency or first aid shall be conclusive.

The terms of this agreement shall commence as of \_\_\_\_\_ and shall continue until terminated by either party. Such termination shall be preceded by written notification to the other party of intention to terminate sent by registered mail one year prior to the termination date. However, both parties may mutually agree to terminate this agreement at any time. The Hospital shall have the option to terminate this agreement for cause upon one week actual notice to the School of Medicine, such cause being related to a national emergency, reduction in force, or funds allocation or other matter which would physically preclude the performance of this agreement. This agreement is entered into with a spirit of mutual cooperation for the benefit of both parties, with full realization that this agreement encompasses long range planning and joint efforts to assure meaningful learning experiences for the students and residents and the highest quality of health care for the patients.

IN WITNESS WHEREOF, the parties hereto have caused the AGREEMENT to be executed by their respective representatives on the day and year aforesaid.

**Affiliation Agreement—Mercy Medical Center/WSU School of Medicine**

President Kegerreis reported that the Wright State University School of Medicine requests the board's approval of an agreement between Mercy Medical Center of Springfield, Ohio, and the Wright State University School of Medicine. This agreement, when approved, shall authorize the Mercy Medical Center to affiliate with Wright State University School of Medicine for the purpose of education and training. The School of Medicine accepts advisory responsibility for the education and training programs conducted with the Mercy Medical Center. The Mercy Medical Center shall retain full responsibility for the care of patients including all of the administrative and professional functions.

Mrs. James moved the approval of the affiliation agreement between the Mercy Medical Center and the Wright State University School of Medicine. The motion was seconded by Dr. Keto and was unanimously approved by roll call vote.

**EXHIBIT B**

**AGREEMENT BETWEEN THE TRUSTEES  
OF WRIGHT STATE UNIVERSITY  
AND  
THE TRUSTEES OF MERCY MEDICAL CENTER  
OF SPRINGFIELD, OHIO**

THIS AGREEMENT, made this \_\_\_\_\_  
by and between the TRUSTEES OF WRIGHT STATE UNIVERSITY,  
hereinafter referred to as the "University" and the TRUSTEES OF  
MERCY MEDICAL CENTER, hereinafter referred to as the "Hospital",

**WITNESSETH:**

THAT, WHEREAS, the General Assembly of the State of Ohio, by Amended Substitute Senate Bill No. 457, has appropriated funds to the University for preparation of detailed plans for medical education based upon existing hospital facilities in the Dayton area, and

WHEREAS, the University is desirous of providing a quality medical educational experience for the student body of the Wright State University School of Medicine at minimal cost by utilizing the physical facilities of the Hospital, and providing parts of the student body training in the Hospital, by making available to students the knowledge and experience of physicians involved primarily in clinical medicine, and

WHEREAS, the Hospital is desirous of enriching its total program by direct association with the aforesaid Wright State University School of Medicine.

THEREFORE, in consideration of their mutual promises herein contained and of their mutual interests in the establishment of the Wright State University School of Medicine and conditioned upon the General Assembly of the State of Ohio appropriating line-item funding for the

aforesaid Wright State University School of Medicine, and further conditioned upon the development thereafter, of a specific formal Agreement of Cooperation between the University and Hospital, recognizing that the substance of the Agreement of Cooperation shall cover the bases for the working relationship and for decision making, yet it will not attempt to predetermine each decision but permit growth and development of an effective working relationship as well as acknowledge the need for regular review due to the changing requirements of the institutions, individually and together, the parties agree to the following guidelines as the bases for the formal Agreement of Cooperation.

**The Wright State University School of Medicine Agrees to:**

1. Accept the responsibility for the content and direction of the University's total medical education component within the Hospital including continuing education.

2. Recognize that the Hospital has an obligation to provide care for the patients of all physicians on the Hospital medical staff regardless of whether they hold a faculty appointment.

3. Assist the Hospital in attracting, evaluating and selection of qualified residents.

4. Develop and coordinate the education and training program for the student body, including residents.

5. Operate its programs to meet the approval requirements of the Council on Medical Education of the American Medical Association and the Association of American Medical Colleges.

6. Accept in the medical education program such numbers of patients in the various departments as can be accommodated in keeping with program quality standards and staff size.

7. Process in a timely fashion any application received from members of the medical staff of the Hospital, through service chiefs and departmental chairmen, for possible membership on the clinical faculty of the School of Medicine. It is understood that, when requested, any member of the clinical faculty (on salary currently or not) will contribute at least one-half day of service per week without charge to the medical education program; and when on salary, will in addition fulfill committee assignments and deliver special lectures and conduct teaching assignments as requested by the Dean of the School of Medicine.

8. Include in its contractual arrangements with full-time clinical faculty members the extent of any limitation on private practice. Such limitations could include (a) type of practice; (b) time involvement; (c) percent of income above base salary; (d) dollar amounts or other forms. The university shall be reimbursed on a pro-rata basis for that share of the time of a full-time clinical faculty member which, by mutual agreement, may be allocated to the hospital.

9. Provide, if necessary, primary offices and laboratory space for clinical faculty members separate from facilities now employed for Hospital purposes.

10. Initiate, expand and/or coordinate a continuing education program for physicians in the area. It is understood that the launching of any new program will depend on available staff and funding.

11. Notify the administration of the Hospital as soon as possible of any intent to initiate changes, and the status of such changes, in School of Medicine policies, programs, services, personnel, facilities, financing or operations which may have significant implications for hospital programs, services and operations.

12. Designate representatives of the key leadership of the University and the School of Medicine as members of a Joint Coordinating Committee. This committee will serve as a liaison and coordinating body between the various cooperating institutions and will undertake to mediate any differences which may develop between the School of Medicine, and the Hospital.

#### **The Hospital Agrees to:**

1. Make its facilities available for use in clinical instruction of students admitted to the Wright State University School of Medicine and for the education and training of residents and agrees responsibility for the content and direction of the medical education program rests with the Wright State University School of Medicine.

2. Recognize that the Wright State University School of Medicine must exercise a strong positive influence on the clinical environment in which its students are trained. The nature of this influence may include, but not be limited to, the establishment of standards of qualifications for clinical faculty appointments and review and assessment of medical care working in concert with the Hospital and its medical staff. (General Staff approval)

3. Operate so that the Council on Medical Education of the American Medical Association and the Joint Commission on Accreditation of Hospitals acting for themselves and various specialty boards will approve the Hospital for student training including resident training and those specialties for which the Hospital and Wright State University School of Medicine have jointly applied for such approval.

4. Accept, as the primary service locations, subject to further negotiation and approval by Wright State University School of Medicine and as described in the formal Agreement of Cooperation, the department(s) of \_\_\_\_\_ of the Wright State University School of Medicine, the department(s) will have as a base the staff, in-patients and out-patients in Mercy Medical Center, exceptions being for specific patients on request of the attending physician.

5. Assist the Dean of the Wright State University School of Medicine, through a jointly appointed selection committee, in the recruitment and selection of any School of Medicine clinical department chairman where the primary departmental activity is based in the Hospital. Where the departmental teaching activity is distributed between several institutions each will play an active role in the selection process.

6. Appoint jointly, where the Hospital has been designated by Wright

State University as the primary teaching location of (a) clinical department(s), the chairman (chairmen) of the clinical department(s) by the Trustees of the Hospital, and University, and they will have thereby both academic appointment in the School of Medicine and Hospital Staff appointment. This faculty member will be responsible for on-site coordination of the medical education program at the Hospital and will also function as supervisor of post-graduate and continuing education.

7. Provide on-site office and laboratory space for members of the teaching staff carrying on the medical instruction program at the Hospital. The Hospital further agrees that as many beds as are necessary, up to a maximum of \_\_\_\_\_ beds, shall be available for instructional purposes to fulfill the educational needs of the program.

8. Process in a timely fashion the application of a clinical member of the medical school faculty for membership on the Hospital medical staff. Except for cogent reasons to the contrary, full-time clinical faculty will be granted staff appointments at the Hospital. During processing of such applications, as defined in the medical staff bylaws, the Hospital will grant, in the regular manner, temporary privileges to such applicants.

9. Be responsible for the total compensation of all residents assigned exclusively to the Hospital and for a pro-rata share of the compensation of residents assigned for only a portion of their time to the Hospital.

10. Reimburse the Wright State University School of Medicine for that portion of the total compensation of clinical faculty members and supporting personnel which represents payment for their involvement in the development and operation of residency and other jointly developed programs.

11. Submit to the Dean of the School of Medicine for approval the names and files of proposed residents.

12. Arrange for suitable facilities in which continuing education courses can be offered.

13. Notify the Office of the Dean of the School of Medicine as soon as possible of any intent to initiate changes and the status of such changes, in Hospital policies, programs, services, personnel, financing, facilities or operations which may have an impact on the School of Medicine's programs, services and operation.

14. Designate representatives of the key leadership of the Hospital as members of a Joint Coordinating Committee. This committee will serve as a liaison and coordinating body between the various cooperating institutions and will undertake to mediate any differences which may develop between the School of Medicine, and the Hospital. One designee should be a member of the governing board and one should represent the clinical staff. Each cooperating hospital will appoint three representatives to this committee.

15. Appoint future Hospital-based physicians involved in the medical education programs which are under the auspices of the Wright State University School of Medicine only after the concurrence of the Dean of the School of Medicine, it being understood that such concurrence

presupposes faculty appointment.

16. Hold the University harmless for liability incurred as the result of the acts of Hospital employees.

**Wright State University School of Medicine and the Hospital**

**Jointly Agree to:**

1. Establish a joint research committee responsible for reviewing proposals for research programs and projects from the School of Medicine faculty which involves the use of Hospital space or personnel. Proposals will be forwarded to the committee after review by the appropriate School of Medicine department chairman and Hospital service chief. The committee in studying proposals will take into account: (a) availability of staff, space, and facilities; (b) overall balance within the research program; and (c) adequate funding and project management.

2. Jointly pursue the development of residency, postgraduate and continuing education programs as rapidly as adequate manpower and financial resources can be obtained.

3. Assist each other as appropriate in preparing grant applications to government agencies, private foundations, corporations or other organizations for capital or operating funds.

4. Terminate the agreement only upon four years' written notice by either party or earlier by mutual agreement of both parties.

5. Review the agreement annually at a meeting of representatives of the institutions to determine its operating effectiveness and to study how, if at all, the agreement might be improved to the satisfaction and mutual benefit of the parties. Such meetings may be called more frequently through a majority action of the Joint Coordinating Committee.

## Long-Term Disability

Based upon the recommendation of the University Faculty Affairs Committee, President Kegerreis presented a proposal for a long-term disability program that has been negotiated with the Teachers Insurance and Annuity Association (TIAA). The TIAA has offered to members of Wright State's faculty and unclassified staff income protection of up to 60 percent of individual salary rate after six months of complete disability (in keeping with Ohio law, use of the term *unclassified employee* in the resolution below refers to not only staff but also faculty members). On its part, the university will pay full salary for the first six months of total incapacity to work. TIAA's premium charge (at this time) to each insured member for this protection is \$7.22 monthly. Payment is to be made by payroll deduction. At least 75 percent of the total faculty and unclassified staff population must participate in the program for TIAA to make it available to us.

President Kegerreis requested the board's approval of the following resolution to provide the long-term disability program described.

### *RESOLUTION 75-20*

To establish a program of long-term disability insurance for unclassified employees, including faculty members, of Wright State University.

WHEREAS the Ohio state retirement systems do not provide disability income until a state employee has at least five years of total retirement System Service Credit and has not attained age sixty; and

WHEREAS Wright State University has been offered a long-term disability coverage for its unclassified employees at their individual expense which would provide income to any such insured employee after six months of total disability; therefore be it

RESOLVED by the Board of Trustees of Wright State University that:

*Section 1.* The President or the Executive Vice President and Provost and Treasurer is hereby authorized to negotiate and sign a contractual agreement with the Teachers Insurance and Annuity Association to establish a long-term disability insurance program for unclassified employees at their individual expense which shall provide income to such an employee after incurring six months of total disability.

*Section 2.* After any unclassified employee is declared totally disabled by competent medical authority, Wright State University shall continue to pay that employee's full current salary and provide employee benefits for no more than six months or until TIAA assumes payment of liability retirement income, whichever is the lesser period.

*Section 3.* For purposes of inclusion in this long-term disability insurance program an eligible unclassified employee must be regularly employed by Wright State University for at least thirty-two hours per week, or the equivalent.

Mr. Jeffrey moved the approval of the resolution for the proposed long-term disability program. The motion was seconded by Dr. Keto and was unanimously approved by roll call vote.

### **Ratification of Contracts and Grants**

President Kegerreis reported that since the last meeting of the Board of Trustees, Wright State has received the following contracts and grants through the Office of Research Development. He recommended ratification of these contracts and grants.

#### *Project #391—A Renewal of a Government Instructional Contract*

Title: "Advanced Driver Education"  
Duration: June 1, 1975 through September 1, 1975  
Sponsor: Ohio Department of Education  
Supervisor: Mr. Wylie Graham  
Amount: \$6,409  
Abstract: (Title)

#### *Project #392—A New Government Research Grant*

Title: "Effects of Radiation on Human Cells Cultured *in vitro*"  
Duration: May 1, 1975 through April 30, 1976  
Sponsor: National Cancer Institute  
Supervisor: Dr. George J. Kantor  
Amount: \$27,760 plus \$549 for indirect costs.  
Abstract: Studies are designed to explore the effects of low doses of ultraviolet and ionizing radiation on HDF strains of human tissues with specific mal conditions. The study is designed to relate DNA repair capabilities and aging characteristics.

#### *Project #393—A Continuation of a Governmental Research Grant*

Title: "Biosynthesis of Carotenes in Mycobacteria"  
Duration: May 1, 1975 through April 30, 1976  
Sponsor: National Institute of Allergy and Infectious Diseases  
Supervisor: Dr. Prem P. Batra  
Amount: \$20,067 plus applicable indirect costs  
Abstract: To investigate the biosynthetic pathway of cyclic carotenes using soluble enzyme preparations. The preparation of carotenogenic enzyme systems is essential for investigating the mode of regulation of carotene synthesis by light and antimycin A.

#### *Project #394—A New Governmental Research Grant*

Title: "A Study of the Distribution and Taxonomy of Freshwater Ectoprocta in Western Lake Erie"  
Duration: July 1, 1975 through June 30, 1976  
Sponsor: Ohio Biological Survey  
Supervisor: Dr. Timothy S. Wood

Amount: \$760  
Abstract: A study of freshwater ectoprocta is to be made in the western basin of Lake Erie. Results of these studies should enhance the existing ectoprocta survey.

*Project #395—A New Governmental Research Grant*

Title: "Short-Term Rehabilitation Counselor Training"  
Duration: June 1, 1975 through December 1, 1975  
Sponsor: Office of Human Development, DHEW, Rehabilitation Services Administration  
Supervisor: Perry Hall  
Amount: \$13,284  
Abstract: Three training sessions are to be conducted jointly by WSU and Bowling Green State University for approximately 80 trainees to improve agency facility personnel and management relationships for Region V of the Rehabilitation Services.

*Project #396—A New Governmental Research Agreement*

Title: "Phase I—Archaeological Testing of Sites in Newfields New Community, Ohio"  
Duration: May 1, 1975 through November 30, 1975  
Sponsor: U. S. Department of the Interior, National Park Service  
Supervisor: Drs. B. C. Keel and J. H. Mielke  
Amount: \$1,495  
Abstract: Conduct archaeological test excavations of Sites No. 3, 4, 5, and 6 and the possible mound in the Newfields New Community Village Tract I, Montgomery County, Ohio.

*Project #397—A New Governmental Public Service Contract*

Title: "Greater Miami Valley—SOHMET (Sub-Regional Organization for Health Manpower Education and Training)"  
Duration: May 1, 1975 through June 30, 1976  
Sponsor: Ohio Valley Regional Medical Program (University of Kentucky Research Foundation, Inc.)  
Supervisor: Dr. Edward J. Spanier  
Amount: \$49,542  
Abstract: Conduct a specific Regional Medical Program involving the coordination of all aspects of health manpower education and training in the area. WSU is to act as fiscal agent.

*Project #398—A Renewal of a Governmental Public Service Grant*

Title: "Minority Business Assistance through Education and Counseling"  
Duration: June 1, 1975 through May 31, 1976  
Sponsor: Ohio Board of Regents, Community Service and Continuing Education

Supervisors: Dr. Thomas Dovel and Edward Nicholson  
Amount: \$13,400  
Abstract: (As title suggests)

*Project #399—A New Private Research Contract*

Title: "Press Sample Analyses to Discover Reason for Product Tinting Problem"  
Duration: May 1, 1975 through August 31, 1975  
Sponsor: Rutgers Packaging  
Supervisor: Dr. Michael Smith  
Amount: \$387.30  
Abstract: (As title suggests)

Second-year funding has been received for the following previously approved contracts and grants:

*Project #363—A Renewal of a Governmental Public Service Contract*

Title: "Development of Cell Strains from Human and Guinea Pig Lungs"  
Duration: September 26, 1975 through September 25, 1976  
Sponsor: National Heart and Lung Institute  
Supervisor: Dr. Robert J. Hay  
Amount: \$55,550

*Project #308—A Renewal of a Governmental Research Grant*  
(now Project #400)

Title: "Rapid Screening for Lead Poisoning"  
Duration: June 1, 1975 through May 31, 1976  
Sponsor: National Institute of Environmental Health Sciences  
Supervisor: Dr. Charles Colbert  
Amount: \$40,615

Dr. Keto moved that the board ratify these contracts and grants. The motion was seconded by Mr. Jeffrey and was unanimously approved by roll call vote.

**Approval for Broadcast License Application**

President Kegerreis reported that members of the Wright State Student Radio Association (WWSU) have, since the 1967-68 academic year, been operating a campus radio station, first in a maintenance closet in Allyn Hall, then in Fawcett, and presently in a small studio in the University Center, utilizing university telephone lines as current carriers.

This group has proposed, for the past several years, that application be made by the university for a 10-watt broadcast frequency thus enabling students to broadcast publicly. The latest proposal, submitted during the winter quarter, has been approved by university administrators and the Student Budget Board.

In view of this long-standing interest of students in acquiring a public

broadcast frequency, and the dedication with which members of WWSU have operated the on-campus station, despite little recognition, President Kegerreis recommended the adoption of the following resolution by the Board of Trustees.

#### *RESOLUTION 75-21*

WHEREAS the educational, cultural, and social benefits to all members of the University and immediately surrounding community resulting from diverse programming by a campus radio station would be great; and

WHEREAS the Student Affairs Committee for the Academic Council and the Department of Telecommunications are aware of the negotiations for a student-operated 10-watt FM radio station and lend approval; and

WHEREAS it would be in the best interests of the University to apply for one of two remaining channels as quickly as possible to avoid losing it because of conflict with another application; therefore be it

RESOLVED that this Board hereby authorizes the President to file the necessary FCC forms in applying for a construction permit and license with the Federal Communication Commission to establish a 10-watt Class D Educational FM broadcast station to be operated by students of Wright State University for the benefit of the public, student body, and University.

Dr. Keto moved the adoption of the resolution approving submitting application for a broadcast construction permit and license. The motion was seconded by Mrs. James and was unanimously approved by voice vote.

#### **Auditor's Report**

President Kegerreis reported that the secretary of the Board of Trustees has received a report dated March 17, 1975, from the office of the Auditor of State of the examination of the records and accounts of Wright State University for the period of July 1, 1973, to June 30, 1974.

The following are the auditor's general remarks; a copy of the complete report is on file for examination.

"The records and accounts of Wright State University were adequately and properly maintained and conformed to the standards required by the office of Auditor of State. Various minor discrepancies were brought to the attention of university officials during the examination and were corrected."

President Kegerreis recommended the board's acceptance of the auditor's report.

Mr. Jeffrey moved the acceptance of the state auditor's report of the examination of the records and accounts of Wright State University. The motion was seconded by Mrs. James and was unanimously approved by roll call vote.

#### **Report on Western Ohio Branch Campus**

Dean Uphoff presented the following report on the Western Ohio Branch Campus.

### *Brief History*

The Western Ohio Branch Campus of Wright State University was created in 1969. Initially located in downtown Celina, it was moved to its new 173-acre campus located on the north shore of Grand Lake St. Marys about midway between St. Marys and Celina in 1972.

The enrollment at WOBC peaked in the early 1970s and has declined since that time. The following table does indicate that 1974-75 has provided some indications of a possible reversal of this trend.

Specific figures for the past two years are presented below. They do not include well over 75 WOBC area graduate students in winter and spring quarters who were enrolled in a one-credit mini-course taught by Dean Uphoff, but through Continuing Education on main campus. They show up as main campus students and hours.

	Headcount	Credit Hours	FTE (15 hours)
Fall 73	732	6879.5	458.63
Fall 74	675 (-57)	6289.0 (-590.5)	419.26 (-39.37)
Winter 74	664	6290.0	419.33
Winter 75	629 (-35)	5497.0 (-793)	366.46 (-52.87)
Spring 74	648	6095.0	406.33
Spring 75	634 (-14)	5720.0 (-375)	381.33 (-25)
73-74 fall to spring loss/84=11% decline rate			
74-75 fall to spring loss/41=6% decline rate			

In spite of a 50 percent cut in the number of graduate courses offered at WOBC (due to concerns expressed by North Central), the headcount has stabilized and is only 14 fewer for spring 75 than for spring 74. In fact, spring 75 is up in both headcount and credit hours over winter 75.

### *Recent Curricular Changes*

WOBC is now fully accredited by the North Central Association as a two-year institution qualified to offer the associate degree. Thus, its prime mission is to provide two-year associate degree programs.

The Associate of Arts degree is a pre-baccalaureate program with over a dozen academic areas of concentration available to the student.

The Associate of Applied Business degree at WOBC now has specific programs in Accounting Technology, Secretarial Technology (both just finishing their first year), and Business Management Technology (will start in September 1975). Our only program in the Associate of Applied Science degree, Engineering Drafting/Design Technology, will also begin next fall.

The faculty at WOBC is currently considering approval of the new Associate Degree in Individualized Study. If approved, it will be forwarded to the Wright State administration and trustees for consideration and possible recommendation to the Ohio Board of Regents. This program would provide us with much needed flexibility.

In addition to these two-year programs, WOBC serves as a residence credit center offering selected upper division and graduate level courses. Since we serve a geographically isolated region (the closest four-year higher education institution is nearly 80 miles away), Wright State University also has an obligation to provide as much opportunity for these courses as quality education standards will permit.

#### *Accomplishments 1974-1975*

The administration, faculty, staff, and students have achieved many things this past year. Of most significance has been their increased joint efforts at solving our various problems/concerns.

Such actions as the expansion of the Faculty Lecture Series which were free and open to the public and the Student Senate's activities for high school seniors and for retarded children serve as examples.

The community has increasingly begun to view WOBC as a resource available to them. We have developed a Speaker's Bureau and have also gone to public schools as well as hosted public school students. Several community groups such as the St. Marys Rotary Club have held a meeting at WOBC.

The physical plant of WOBC has received continued attention. The creation of a handicapped parking area, two tennis courts, and the highway campus sign are most obvious. Other improvements have included additional landscaping efforts as well as initial planning for shoreline control and development.

#### *Western Ohio Educational Foundation Board*

This board has reactivated itself this year into an energetic and concerned group of citizens providing guidance, advice, contacts, and even financial assistance to WOBC. Members of the WOEf Board regularly attend meetings of the Student Senate and of the Faculty Senate. The board has advanced funds to the Student Senate to help get a project underway.

The WOEf Board members have been most diligent in their efforts to help solve the problems facing WOBC. They have begun the process of increasing our contacts in their communities and in helping us to improve our image among their neighbors.

#### *Goals*

The Western Ohio Branch Campus, in addition to its stated missions, will continue to strive for:

1. expanded quality educational opportunities for area residents;
2. improved interaction with all parts of the communities we serve;
3. improved services and activities for our students and for the community in general;
4. development of a sound financial base for the improvement of present and future programs; and
5. expanded opportunities for input by faculty, staff, students, other

citizens, businesses, service agencies, industry, etc.

### **Admissions—Registration Report for Summer Quarter 1975**

President Kegerreis reported that the Admissions—Registration figures for the summer quarter 1975 were encouraging. Undergraduate applications for admission for summer quarter 1975, continue to run eight percent ahead of last year at this date. An encouraging trend is a 23 percent increase in new freshmen. Graduate applications are slightly above the number for last year, with degree-seeking students down by three percent.

There seems to be historical evidence that the summer student tends to apply later than other quarters which, if carried out this year, would indicate a healthy increase in both undergraduate and graduate applications.

The registrations for summer quarter 1975, show an increase of 11.3 percent over the corresponding period last year. The most significant increase is in the number and percentage of new transfer students. Most of these transfer students are in the nondegree category. Students have registered for 42,652 credit hours this year compared to 37,565.5 credit hours for last year, an increase of 5,087 (13.5 percent).

### **Progress Report of Projects Under Construction**

#### *Biological Sciences Building, Phase I*

Phase I was accepted by the university for beneficial occupancy on June 10, 1975. The exterior grading and very minor interior items should be completed within the next month. The laboratory areas of the building are presently being occupied and classes are scheduled in the building beginning on June 17, 1975.

#### *Biological Sciences Building, Phase II*

The project is on schedule and we anticipate occupancy in mid-August barring unforeseen delays such as a strike.

#### *Parking Lot Lighting*

The Controlling Board earlier this month approved our request for release of funds and contracts have been awarded for lighting four problem areas of campus. The parking areas to the north of Millett Hall, and east of the Creative Arts Building and behind the Physical Education Building as well as the roadway and parking area in the rear of the dormitory and the Student Center will be lighted for student and personnel safety. We expect the contractor to begin work within the next two weeks. Completion of these projects is anticipated in early September, prior to the beginning of the fall quarter classes.

#### *Medical Sciences Building*

As you recall our final plans for this building were divided into two parts for bidding due to our request for supplementary funds for the project. Both parts were bid simultaneously about a month ago and the total bids

for each part were under the state architect's estimates. The funds for the first part were released by the Controlling Board early this month and contracts have been awarded. As soon as the capital appropriation bill is enacted which includes funds for the second part of this facility we are ready to proceed with that phase of the construction. We are proceeding with excavation of the area and all earthmoving and temporary walkways should be completed prior to the start of the fall quarter. Work has already begun to relocate the electric lines which serve the dormitory/student center/physical education complex. The line runs under the construction site and must be relocated before excavation can be completed.

#### *Other Items of Information*

During the summer quarter we are proceeding with the renovation of space in Oelman and Fawcett Halls to relocate parts of nursing, psychology, and geology into the area vacated by biological sciences with the opening of Phase I.

Preliminary planning for the addition of an administrative office wing of one story over the receiving area between Allyn and Millett has begun. This project is one of those included in the present version of the capital appropriations bill and is desperately needed. We hope to be in a position to move rapidly on the final plans for this wing when the General Assembly acts on the bill.

Similarly, we are drawing up the final program for expansion of the service building area. It is our hope to move this project simultaneously with the administrative wing project.

Finally, we are in the final stages of negotiation with the Air Force Office of Scientific Research for a sizable contract in support of one of the laboratories presently located at the Aerospace Research Laboratories. The laboratory will be housed on campus in the lower level of the Brehm Laboratory. Our plans for this project are complete and laboratory modifications necessary for the programs will proceed as soon as we receive award of the contract.

#### **Report of Investments**

President Kegerreis reported that a report of the university's investments, dated May 31, 1975, has been received and will be filed with the official records of the Board of Trustees.

## **REPORT OF THE COMMITTEES OF THE BOARD OF TRUSTEES**

### **Report of the Student Affairs Committee**

*Minutes of Meeting  
Student Affairs Committee  
May 27, 1975*

The Student Affairs Committee of the Board of Trustees held a meeting on Tuesday, May 27, 1975, in the University Center, Room 155C, Wright

State University, Dayton, Ohio. Present were George Lucas, chairman, Fred McConaughy, Armistead Gilliam, Helen James, Robert Harvey, William Zimmerlin, Beverly Tanamachi, O. Edward Pollock, Bruce Lyon, and David Combes, 1975-76 Student Caucus chairman. Ray Ross and Harry Crowl were absent.

#### *University Budget*

1. Concern was expressed by Mr. Harvey that some budget decisions (i.e., Library, Athletics, Counseling Services) might be perceived by students as representing a lack of adequate university commitment to academic and support services.

2. Mr. Harvey suggested that the budget preparation process lacked sufficient student input "at points when decisions are made." The committee requested that Mr. Harvey and Mr. Combes develop and propose alternatives to the current budget preparation process.

3. Mr. Zimmerlin indicated that, not infrequently, faculty recommend books for extra reading which the library has not acquired. Mr. Gilliam requested more specific information.

#### *Promotion and Tenure*

Mr. Harvey reported on the revised procedures which, if approved by the faculty and Board of Trustees, will permit student representation on college and departmental promotion and tenure committees.

#### *Faculty and Student Membership on Board of Trustees*

Mr. Harvey also reported on the status of legislative proposals for inclusion of students and faculty on boards of trustees at all state universities in Ohio. The legislation is in committee; however, Mr. Harvey believes that action may still be possible. He requested a resolution of support from the Wright State University Board of Trustees. Mr. Harvey also asked that students and faculty be allowed to sit in during the informal sessions of the board, and that Student Caucus receive copies of all materials sent to the board by the president in advance of board meetings.

#### *Instructional and General Fees*

Mr. Harvey requested that the Board of Trustees oppose the proposed raising of the general fee ceiling (from \$50.00 to \$75.00), and, should the ceiling be raised, refrain from increasing the fee.

---

### **UNFINISHED BUSINESS**

There was no unfinished business.

---

### **NEW BUSINESS**

#### **Date of Next Meeting**

The next meeting of the Board of Trustees will be held on Tuesday, September 30, 1975.

---

**ADJOURNMENT**

The meeting was adjourned at 4:00 p.m.
